Oxford University Press, United Kingdom, 2009. Paperback. Book Condition: New. Reissue. 194 x 128 mm. Language: English . Brand New Book. Manu was seated, when the great seers came up to him: Please, Lord, tell us the Laws of all the social classes, as well as of those born in between. The Law Code of Manu is the most authoritative and the best-known legal text of ancient India. Famous for two thousand years it still generates controversy, with Manu's verses being cited in support of the oppression of women and members of the lower castes. A seminal Hindu text, the Law Code is important for its classic description of so many social institutions that have come to be identified with Indian society. It deals with the relationships between social and ethnic groups, between men and women, the organization of the state and the judicial system, reincarnation, the workings of karma, and all aspects of the law. Patrick Olivelle's lucid translation is the first to be based on his critically edited text, and it incorporates the most recent scholarship on ancient Indian history, law, society, and religion. **ABOUT THE SERIES:** For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.
