Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Dyspepsia: Its Varieties and Treatment The scheme upon which the present work is based was drawn up by the author more than sixteen years ago. Only a few chapters had been written, however, before it became evident that the subject was infinitely more complicated than had been imagined, and the manuscript was accordingly put aside until sufficient knowledge had been gained to warrant a fresh attempt. In the meanwhile a series of special researches were undertaken upon the etiology of the various forms of dyspepsia, and monographs dealing with such cognate subjects as Disorders of Digestion in Childhood, Ulcer of the Stomach, and Cancer of the Stomach were published. The present volume is the outcome of the clinical experience gained by the personal examination and treatment of more than eighteen thousand persons suffering from indigestion; but since the data thus obtained proved too unwieldy for analysis, the statistical enquiries quoted in the text were confined to one thousand examples of the complaint, five hundred of which were examined in hospital and five hundred in private practice. These were taken in the order in which they came under observation and were all subjected to the same methods of investigation, so that the results probably indicate with a fair degree of accuracy the relative frequency of the different types of dyspepsia in general and special practice, respectively. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In...
