By the time the customer makes it to a live person, they are frustrated or confused! To retain your current customer base and attract new customers, you MUST have a well trained customer service representative on the other end who is well trained. The customer service representative is the face of your company and your image is at stake every time the phone is answered. This book will bring everyone in your company, from the chief executive to the front line customer service staff back to the basics of good old fashioned customer service. The type of techniques discussed in this book help you to focus on how to show the customer that you care about them and that they are not just a number. It's simply amazing how common courtesies can make your customer sing praises about your company! Read this book and use these techniques and cause a revolution in your business !.
