China's Transitional Economy (Paperback)

By Walder

Oxford University Press, United Kingdom, 1996. Paperback. Book Condition: New. 234 x 157 mm. Language: English . Brand New Book ***** Print on Demand *****. China's post-Mao economic reforms have generated and sustained economic growth, unprecedented rises in real income and living standards, and have transformed a long-time insular economy into a major trading nation. China now figures prominently in international policy debates about what is to be done to transform the stagnating economies of Eastern Europe. As a gradual rather than an abrupt transition to the market, with public industry protected rather than subject to privatization, China's reform path has confounded the widespread and deeply held belief that gradual reform and public ownership simply cannot work. The contributions to this volume draw out the policy and theoretical implications of China's transitional economy. They lay out the notable features of China's reform path, analyse the successes and failures of the reform, and discuss whether they can be sustained, or whether the uncertain leadership transition, growing potential for social instability, and continuing problems of unemployment, uprooted rural populations, deepening political corruption, and declining central power point to a future fraught with risk and instability. After an introduction and...

Reviews

This book is definitely worth acquiring. I have gone through and so I am certain that I will likely to read through again and again in the future. Its been printed in an exceptionally basic way in fact it is only after I finished reading this publication in which actually altered me, change the way in my opinion.

-- Andres Bashirian

Comprehensive guide for publication fanatics. This really is for all who state there had not been a well worth reading through. I discovered this ebook from my dad and I encouraged this book to find out.
