

Language in South Asia

By Braj B. Kachru, Yamuna Kachru, and S.N. Sridhar (eds)

Cambridge University Press, New Delhi, India, 2011. Paperback. Book Condition: New. First South Asian Edition. South Asia is a rich and fascinating linguistic area, its many hundreds of languages from four major language families representing the distinctions of caste, class, profession, religion, and region. This comprehensive new volume presents an overview of the language situation in this vast subcontinent in a linguistic, historical and sociolinguistic context. An invaluable resource, it comprises authoritative contributions from leading international scholars within the fields of South Asian language and linguistics, historical linguistics, cultural studies and area studies. Topics covered include the ongoing linguistic processes, controversies, and implications of language modernization; the functions of South Asian languages within the legal system, media, cinema, and religion; language conflicts and politics, and Sanskrit and its long traditions of study and teaching. Language in South Asia is an accessible interdisciplinary book for students and scholars in sociolinguistics, multilingualism, language planning and South Asian studies. Contents Introduction: Languages, contexts and constructs Braj B. Kachru Part I. Language History, Families and Typology: 1. Language in historical context Ronald E. Asher 2. Typological characteristics of South Asian languages Karumuri V. Subbarao Part II. Languages and their Functions: 3. Hindi, Urdu, Hindustani...

Reviews

A whole new e book with a brand new standpoint. I have read through and i also am certain that i am going to planning to read again yet again later on. I found out this book from my i and dad advised this pdf to learn.

-- Audrey Lowe I

It is fantastic and great. It is really simplified but unexpected situations from the 50 % in the ebook. I discovered this ebook from my dad and i suggested this book to learn.

-- Dr. Luna Skiles
