## Rare Diseases

By Meral Özgür

Springer-Verlag GmbH Sep 2014, 2014. Buch. Book Condition: Neu. 241x162x20 mm. Neuware - This book focuses on predictive, preventative and personalized medicine (PPPM) and how it is related to the healthcare of rare diseases. Readers will discover how advanced rare diseases healthcare provides an excellent 'proof-of-principles' for the personalisation of healthcare systems on a global scale. Chapters look at national plans for rare disease, at biobanking, gene identification, rare cancers, virus gene therapy, induced pluripotency for cell therapy amongst other topics. There is a chapter dedicated to personalized medicine for hereditary deafness and another exploring the complexity of genotype-phenotype correlations. Specific diseases such as Fabry's, Gauchers and mitochondrial cytopathies are highlighted and we look at enzyme replacement therapy in lysosomal storage diseases. This work is part of a series, produced with the involvement of the European Association for Predictive, Preventive and Personalised Medicine. The series focusses on the concept of an integrative medical approach by PPPM. This volume is dedicated to all aspects related to the prediction, prevention and personalised treatments of rare diseases, and in doing so it explores developments relevant to all medical branches. The authors cover ethical considerations, the creation of a robust platform for professional...

### Reviews

*I just began looking over this pdf. It is one of the most amazing pdf i have study. I discovered this book from my dad and i recommended this pdf to understand.*

-- Merritt Kilback II

*Good e book and useful one. I have got read and that i am confident that i will likely to go through once more again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.*
