This is a tale of two cultures describing how one Indian family moved from a nomadic existence into the modern world and resisted extinction. A picture show the bronze; six meter high Statue of Freedom on top of the U.S. Capitol Building. This statue was conceived in 1855, the year of the Yakama Indian War, and is a visual symbol of the evolution of America. The female body indicates justice, the military helmet is self-evident, and the eagle s head, crest of feathers, and native blanket are American Indian. And, finally, the statue faces East, the first direction of the American Indian Medicine Wheel. In 1990 fellow councilmen Dale Kohler, Gene Joseph and I noticed this statue on top of the Capitol Dome that looks like an Indian woman in a helmet covered with feathers. I didn t realize the significance of this until i read the book by Jack Weatherford given to me by me son, Kerry, called Indian Givers. She is an inadvertent memorial to Indians that personifies the subtle way our culture has been infused into society. That is why I used it as a theme for this book. Seven generations back my ancestors were faced with basic survival. As they evolved their problems became more complicated bu their ability to solve them increased. What each generation learned is passed on to the next generation. The accumulation of ideas and the growth of native ability to adjust to the changes increased at a faster rate with each generation. The seventh generation is at the peak of that cycle. The eighth generation will be starting over at a new level much higher than...
