The method we are using does not require the teacher to be able to speak Italian nor does the student require translations during the lessons. The method simply uses the same principle as your parents and siblings used when they taught you to speak your own language. It's simply listen and repeat. Having said that, this book has included the translations along with the new words introduced in table form for your convenience. The book uses common English idioms with questions, examples and explanations to expand the students knowledge of English. The books are both informative and enjoyable to use. Work your way through the lessons at your own pace. There really is no rush to learn. Everyone learns at their own pace.
