If you could see the world around you entirely as math, would it be a superpower or a curse? Fifteen year old Mbele finds out when he falls into a poisonous river from his shantytown home on the Brooklyn Bridge. He emerges marked for life with blue skin and mathematical visions. Those visions lead him and his four year old sister into danger and start them on a search for answers. Along the way he befriends a charming con artist, a girl who creates new skins for people, and a mentor who is not quite what he seems. Together, they discover a much more dangerous threat than he ran away from - an enemy that lives in the blue. This item ships from La Vergne, TN. Paperback.
