S. copper mining company which hired him to gather soil samples for copper in the northern wilderness areas of Canada and the United States. Then one evening, while bathing in a refreshing stream, he found several nugget shaped rocks that looked like gold and hid them for safekeeping. And although it was highly unlikely they were gold, they sure looked like gold even though gold was seldom found in this part of the country. Then after much soul searching, they decided to establish a non-profit foundation to benefit humanity, in direct opposition to the powerful one percent of todays profit seeking International Oligarchies and their corrupt group of Plutocrats that currently comprise the nemesis of our Democracy. About the Author: John R.
