Reviews

An extremely wonderful pdf with perfect and lucid information. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Human Kinetics Publishers. Paperback / softback. Book Condition: new. BRAND NEW, Clinical Guide to Positional Release Therapy with Web Resource, Timothy E Speicher, "Clinical Guide to Positional Release Therapy With Web Resource "provides professionals in the sports medicine and therapy fields with an easy-to-read reference on the clinical application of positional release therapy (PRT). The book is an invaluable resource for those who desire to learn, practice, and perfect the art of PRT to gently treat patients of all ages who have acute and chronic somatic dysfunction, including tightness and pain. Author Timothy E. Speicher, president of the Positional Release Therapy Institute, uses contemporary science and evidence-based practice to provide health care practitioners--including athletic trainers, physical therapists, massage therapists, and chiropractors--with a manual of PRT treatment techniques. The text is also suitable for students enrolled in upper-level courses in athletic training, physical therapy, and massage therapy programs. The highly visual book is organized in a manner that enables the reader to acquire a foundation of the applications, procedures, and theory of PRT. Part I explores the research surrounding PRT, providing articles that support the use of PRT through evidence-based practice. Readers will consider special populations, such as elderly patients, competitive athletes, and patients with disabilities. Part II explores PRT techniques by anatomical area. Each region (lower quarter, pelvis, spine, upper quarter, and cranium) contains an overview of common injury conditions and their myofascial triggers, differential diagnoses, and instructions on palpating and treating specific anatomical structures. Each chapter in part II also contains self-treatment techniques where appropriate. "Clinical Guide to Positional Release Therapy" dedicates considerable attention to palpation instruction, a core skill that enables successful diagnoses and applications of many orthopedic assessments and therapeutic techniques. Readers also will gain knowledge of anatomical and kinesiological structures to ensure success in assessment. Application...
