Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This is one of the most complete baseball manuals available. Designed to speak to coaches, players and parents alike, the manual covers all aspects of the game, addressing all skills and tools. The information is delivered conversationally, and is derived from over 35 years of experience as a coach, instructor, trainer and player. The knowledge in these pages has helped to recently produce both a first round and second round pick, one currently playing at the MLB level, while the other is in AA and moving up rapidly. As the author, I have had the privilege of playing with and against dozens of players that have passed through the various levels associated with MLB, the opportunity to travel to various MLB academies in the Dominican Republic, and participate with teams at various levels in the most prestigious youth tournaments in the country. Whether a coach looking to improve his or her approach to teaching the game, a player looking to work on his or her own game, or a parent wishing to provide as much support as possible, this manual has what you want.
