Anness Publishing, United Kingdom, 2014. Board book. Book Condition: New. Jan Lewis (illustrator). 154 x 128 mm. Language: English . Brand New Book. Follow Little Dino and all his prehistoric pals as they help you to identify colours in this interactive boardbook. This chunky, soft-to-touch book has been specially designed for young children and adults to enjoy together, with a wipe-clean cover and sturdy board pages. The various shades are illustrated by Dino and his friends, including green paint and brown cookies, and colour combinations such as red and orange squares, and blue and white stars. You can learn the words, spot the colours, and have fun! No need to turn white as a sheet! Little Dino, the young Tyrannosaurus, isn't at all scary, unlike the dinosaurs that you may have seen in the movies. His friends are very approachable, too - including a red Triceratops, a blue Brontosaurus, and an orange Stegosaurus. There's even a dinosaur with orange stripes and green circles! Other shades demonstrated by Little Dino and his chums include yellow sand, an orange balloon, brown cookies and a pink cake. Later pages invite readers to point to the red dinosaurs and to name all the colours shown.
